ATTENBURROW, G. E. Influence of Power Ultrasound on Leather Processing. Part I: Dyeing 146

BAILEY, D. G. Gamma Radiation Preservation on Cattle Hides. A New Twist on an Old Story 259

BAILEY, D. G. Structure of Bovine Skin and Hair Root – A Scanning Electron Microscope Investigation 378

BAILEY, D. G. Viscometric Assay of the Protease Activity of Bate and Drum Liquor 51

BAILEY, D. G. Viscometric Determination of Collagenase Activity in the Presence of High Salt Concentration 322

BARBEE, D. L. A Brief Review of the U. S. Regulatory Issues Concerning the Development, Commercialization, and Application of Industrial Pesticides in the Leather Industry 303

BELLEAU, B. D. Determination of Testing Techniques to Define Textile Properties of Emu Skin 368

BERENGUER, J. Formulation for the Properties/Structure Relationship Studies on Leather Dyestuffs 43

BROSI, J. Developments in Drum Dying 347

BROWN, E. M. Chemical Modification of Protein Products Isolated from Chromium-Containing Solid Tannery Waste and Resultant Influence on Physical and Functional Properties 171

BROWN, E. M. Effects of Neutral Salts on Collagen Structure and Chromium-Collagen Interactions 59

BROWN, E. M. Potential Applications for Gelatin Isolated from Chromium-Containing Solid Tannery Waste: Microencapsulation 182

BROWN, E. M. Sampling Strategies for Infrared Spectroscopic Studies of Raw, Pickled, and In-process Chrome Tanned Bovine Hides 315

BROWN, E. M. The Effect of Surfactant on the Isolation of Protein Products from Chromium-Containing Solid Tannery Waste: Influence on the Process and on the Chemical and Physical Properties of the Resultant Gelatin 190

BROWN, E. M. Treatment of Sheepskin Chrome Shavings. Isolation of High Value Protein Products and Reuse of Chromium in the Tanning Process 268

BROWN, E. M. Presentation of the 1999 Alsop Award 234

BUCEVSCHI, M. D. Chemical Modification of Collagen Hydrolyzates 89

BUEHRIG, B. Purification of Collagenous Tissue of the Epidermal Area During Beamhouse Processing 20

CABEZA, L. F. Chemical Modification of Protein Products Isolated from Chromium-Containing Solid Tannery Waste and Resultant Influence on Physical and Functional Properties 171

CABEZA, L. F. Potential Applications for Gelatin Isolated from Chromium-Containing Solid Tannery Waste: Microencapsulation 182

CABEZA, L. F. Processing of Collagenic Residues. Isolation of Gelatin by the Action of Peroxochromates 115

CABEZA, L. F. The Effect of Surfactant on the Isolation of Protein Products from Chromium-Containing Solid Tannery Waste: Influence on the Process and on the Chemical and Physical Properties of the Resultant Gelatin 190

CABEZA, L. F. Treatment of Sheepskin Chrome Shavings. Isolation of High Value Protein Products and Reuse of Chromium in the Tanning Process 268

CARRIO, R. Processing of Collagenic Residues. Isolation of Gelatin by the Action of Peroxochromates 115

CARRIÓ, R. Treatment of Sheepskin Chrome Shavings. Isolation of High Value Protein Products and Reuse of Chromium in the Tanning Process 268

CELMA, P. J. Processing of Collagenic Residues. Isolation of Gelatin by the Action of Peroxochromates 115

CELMA, P. J. Treatment of Sheepskin Chrome Shavings. Isolation of High Value Protein Products and Reuse of Chromium in the Tanning Process 268

CHAKRABORTI, S. In Search of a Sampling Mode for Dependable Lastometer Values of Crust/Finished Goat Skins 307
CHATTERJEE, A. Characterization and Ecotoxicity Studies of Tannery Wastes Envisaging Environmental Impact Assessment 337
CHATTOPADHYAY, B. Characterization and Ecotoxicity Studies of Tannery Wastes Envisaging Environmental Impact Assessment 337
CHIRITA, G. Chemical Modification of Collagen Hydrolyzates 89
CHIRITA, M. Chemical Modification of Collagen Hydrolyzates 89
CHOQUE, R. Processing of Collagenic Residues. Isolation of Gelatin by the Action of Peroxochromates 115
CLAUSON, S. M. The Effect of Surfactant on the Isolation of Protein Products from Chromium-Containing Solid Tannery Waste: Influence on the Process and on the Chemical and Physical Properties of the Resultant Gelatin 190
COLT, M. Chemical Modification of Collagen Hydrolyzates 89
COT, J. Processing of Collagenic Residues. Isolation of Gelatin by the Action of Peroxochromates 115
COT, J. Treatment of Sheepskin Chrome Shavings. Isolation of High Value Protein Products and Reuse of Chromium in the Tanning Process 268
DEISS, J. Viscometric Assay of the Protease Activity of Bate and Drum Liquor 51
DIDATO, D. T. Fungicides in Military Leather 245
DIEN, M. Formulation for the Properties/Structure Relationship Studies on Leather Dyestuffs 43
DING, J. -F. Influence of Power Ultrasound on Leather Processing. Part I: Dyeing 146
DRAKE, K. D. A Brief Review of the U. S. Regulatory Issues Concerning the Development, Commercialization, and Application of Industrial Pesticides in the Leather Industry 303
ELMORE, M. E. Advances in Stabilized Enzymes for Leather Processing 355
FORT, M. Processing of Collagenic Residues. Isolation of Gelatin by the Action of Peroxochromates 115
GOLDFARB, J. Principles of Combination Tannage: Chrome Plus Vegetable 79
GRAU, E. Treatment of Sheepskin Chrome Shavings. Isolation of High Value Protein Products and Reuse of Chromium in the Tanning Process 268
GUPTA, R. Characterization and Ecotoxicity Studies of Tannery Wastes Envisaging Environmental Impact Assessment 337
HANKEY, R. H. Dying Facility Modernization 84
HARVEY, R. J. Purification of Collagenous Tissue of the Epidermal Area During Beamhouse Processing 20
HERMANN, L. S. Purification of Collagenous Tissue of the Epidermal Area During Beamhouse Processing 20
JAQUESS, P. A. Advances in Stabilized Enzymes for Leather Processing 355
LANG, S. Implementation of Best Management Practices in the Leather Industry 351
LIU, C. K. Tearing Behavior of Chrome-Tanned Leather 129
LIU, C. K. The Use of Acoustic Emission in Predicting the Tensile Strength of Leather 8
LOXTEN, J. F. Dying Facility Modernization 84
MANICH, A. M. Processing of Collagenic Residues. Isolation of Gelatin by the Action of Peroxochromates 115
MANICH, A. M. Treatment of Sheepskin Chrome Shavings. Isolation of High Value Protein Products and Reuse of Chromium in the Tanning Process 268
MARMER, W. N. Chemical Modification of Protein Products Isolated from Chromium-Containing Solid Tannery Waste and Resultant Influence on Physical and Functional Properties 171
MARMER, W. N. Potential Applications for Gelatin Isolated from Chromium-Containing Solid Tannery Waste: Microencapsulation 182
MARMER, W. N. The Effect of Surfactant on the Isolation of Protein Products from Chromium-Containing Solid Tannery Waste: Influence on the Process and on the Chemical and Physical Properties of the Resultant Gelatin 190
MARMER, W. N. Treatment of Sheepskin Chrome Shavings. Isolation of High Value Protein Products and Reuse of Chromium in the Tanning Process 268

MARSAL, A. Processing of Collagenic Residues. Isolation of Gelatin by the Action of Peroxochromates 115
MASON, T. J. Influence of Power Ultrasound on Leather Processing. Part I: Dyeing 146
MAY, M. The 1999 John Arthur Wilson Memorial Lecture: Efficient Ecological Tanning – Concepts, Strategies, and Goals 210
MCCLINTICK, M. D. Tearing Behavior of Chrome-Tanned Leather 129
MCCLINTICK, M. The Use of Acoustic Emission in Predicting the Tensile Strength of Leather 8
MERCK, K. B. The Effect of Surfactant on the Isolation of Protein Products from Chromium-Containing Solid Tannery Waste: Influence on the Process and on the Chemical and Physical Properties of the Resultant Gelatin 190
MIGUEL, N. B. Advances in Stabilized Enzymes for Leather Processing 355
MISRA, C. S. In Search of a Sampling Mode for Dependable Lastometer Values of Crust/Finished Goat Skins 307
MORRISON, D. G. Closing Remarks 235
MORRISON, D. G. Remarks by the President at the Opening of the 95th Annual Meeting of the Association 207
MOZERSKY, S. M. Viscometric Assay of the Protease Activity of Bate and Drum Liquor 51
MOZERSKY, S. M. Viscometric Determination of Collagenase Activity in the Presence of High Salt Concentration 322
MUKKOPADHYAY, S. K. Characterization and Ecotoxicity Studies of Tannery Wastes Envisaging Environmental Impact Assessment 337
NEGULESCU, I. I. Determination of Testing Techniques to Define Textile Properties of Emu Skin 368
O'DONNELL, T. A. Presentation of the 1999 Fred O'Flaherty Service Award 232
PECKHAM, R. L. Acceptance of the 1999 Fred O'Flaherty Service Award 233
PUCKETT, W. E. A Brief Review of the U. S. Regulatory Issues Concerning the Development, Commercialization, and Application of Industrial Pesticides in the Leather Industry 303
PUENTENER, A. G. Compact Methods for the Wet End 96
ROCAS, J. Formulation for the Properties/Structure Relationship Studies on Leather Dyestuffs 43
SHELLY, D. C. Sampling Strategies for Infrared Spectroscopic Studies of Raw, Pickled, and In-process Chrome Tanned Bovine Hides 315
SLABBERT, N. P. The Basics of Practical Tanning Systems Reconciled with Vegetable Tanning Theories 1
STILWELL, T. D. Purification of Collagenous Tissue of the Epidermal Area During Beamhouse Processing 20
SUMMERS, T. A. Determination of Testing Techniques to Define Textile Properties of Emu Skin 368
TANCOUS, J. J. Purification of Collagenous Tissue of the Epidermal Area During Beamhouse Processing 20
TAYLOR, M. M. Chemical Modification of Protein Products Isolated from Chromium-Containing Solid Tannery Waste and Resultant Influence on Physical and Functional Properties 171
TAYLOR, M. M. Potential Applications for Gelatin Isolated from Chromium-Containing Solid Tannery Waste: Microencapsulation 182
TAYLOR, M. M. The Effect of Surfactant on the Isolation of Protein Products from Chromium-Containing Solid Tannery Waste: Influence on the Process and on the Chemical and Physical Properties of the Resultant Gelatin 190
TAYLOR, M. M. Treatment of Sheepskin Chrome Shavings. Isolation of High Value Protein Products and Reuse of Chromium in the Tanning Process 268
VON HOVEN, T. M. Determination of Testing Techniques to Define Textile Properties of Emu Skin 368
WAGNER, M. Structure of Bovine Skin and Hair Root – A Scanning Electron Microscope Investigation 378
WHITE, R. F. Closing Remarks 237
WHITE, R. F. Introduction of the 1999 John Arthur Wilson Memorial Lecture 209
WHITE, R. F. Letter from the President 367
XIE, J. P. Influence of Power Ultrasound on Leather Processing. Part I: Dyeing 146
YANEK, S. S. Fungicides in Military Leather 245

SUBJECT INDEX

2-(thiocyanomethylthio)benzothiazole 245
Abrasion resistance 369
Acoustic cumulative energy 15
Acoustic emission 8
Acoustic cumulative energy 13
Acylation of collagen hydrolyzates 90
Advertising Rates and Requirements 393

CHAKRABORTI, DR. S. - Biography 326
CHATERJEE, ASITAVA - Biography 362
Chestnut tanning 2
CHIRITA, GHEORGHE - Biography 104
CHIRITA, MIHAI - Biography 104
CHOQUE, ROGOBERTO - Biography 158
Chrome leaching 231
Chrome retanning 227
Chromium-collagen interactions 59
Chromium-containing tannery waste 115
Chromium oxidation 117
Chrome-tanned bovine hides, structure of 315
Circular dichroism spectropolarimetry of collagen 60
CLAUSON, SANDRA - Biography 199
Clean technologies 115
COD reduction 221
Collagen
- acylation 90
- calorimetry of 61
- circular dichroism spectropolarimetry 61
- crosslinking with chrome 59
- effect of salt on stability 61
- esterification 90
- hydrolyzates 89
- interactions with chromium (III) 59
- melting curve 65
- polypeptides 89

purification 20
salting-out effects on 65
spectropolarimetry of 61
structure 131, 315
thermal behavior 64
UV spectrometry 61
Color fastness 153
COLT, MONICA - Biography 104
Combination tanning 5, 79
Continuous improvement 352
Corium-epidermis interface 380
COT, DR. JAIME - Biography 158
Crocking colorfastness 371
Dechroming 115
DEISS, JILL - Biography 68
DIDATO, DEAN T. - Biography 288
Diffuse reflectance FTIR 317
DING, DR. JI-FENG - Biography 159
DRAKE, KEVIN - Biography 326
Drape 368
Drum design 215
Dry-cleaning fastness of dyes 50
Dye behavior 45
Dye migration 231
Dye offer 149
Dye penetration 97, 148
Dye synthesis 44
Dyestuffs 43
Dynamic viscosity of gelatin recovered from chrome shavings 174, 187, 195
Dying
control 86
costs 347
drum 347
ecology of 347

economy of 347
equipment 86
facility modernization 84
of bovine wet-blue leather 154
of chrome tanned sheepskin 154
of leather powder 149
of mimosa-retanned sheepskin 154
penetration 97, 148
performance 347
power ultrasound, influence on 146
process acceleration by ultrasound 149
top 97
vessels 86
with powder dyes versus liquid dyes 347
Ecological tanning 210
Efficacy testing for antimicrobial compounds 304
ELMORE, MICHAEL E. - Biography 362
Elongation at break 100
Emu skin 368
Enzyme
activity after freeze-thaw 358
amylase 357
calcium ion, effect on stability of 359
collagenase activity, assay of in the presence of salt 322
esterase 357
lipase 359, 360
liquid 355
pancreatic extract 51
polyhydric alcohols for stabilization of 356
protease 357, 359, 360
protease activity in bate and drum liquor 51
protein engineering for stability 358
proteolytic activity, assay of 51
soak with surfactant 21

stabilization with additives 357
thermal deactivation of 357
trypsin 51
viscometric assay of protease activity 51
Epidermis structure 380
Epidermis-corium interface 380
Esterase 357
Esterification of collagen hydrolyzates 90
Fatliquoring 96, 141
Flexural rigidity 371
FORT, MARIA - Biography 158
Fractionation technique for assessing purity of collagen 21
Fracture energy 130
Fungicides 245, 303
Gamma radiation preservation of cattle hides 259
Gelatin
adhesive properties of modified 179
bloom strength of, recovered from chrome shavings 125, 174, 187, 195
chemically modified with glutaraldehyde, glyoxal, and carbodiimide, properties of 171
digestion of by enzymes 51
dynamic viscosity of, recovered from chrome shavings 174, 187, 195
foamability of modified, isolated from tannery waste 177
gel strength of modified, isolated from tannery waste 174
hydrolysis of 53
isolated from chrome shavings, properties of 115, 174
isolation from tannery waste by perchromate treatment 115
melting point of modified, isolated from tannery waste 174
microencapsulation with, isolated from tannery waste 182
modification with acid chlorides and anhydrides 89
molecular weight distribution of, recovered from chrome shavings 174, 187, 195
properties of, isolated from sheepskin chrome-shavings 275
thermal gravimetric analysis of modified 93
Gemini, a new IR sampling device 315
Goat skins, lastometer values 307

GOLDFARB, JORGE O. - Biography 104
GRAU, ESTHER - Biography 288
GUPTA, RANJAN - Biography 362
Hair growth 381
Hair-root structure 380
HANKEY, REG - Biography 104
Hides, composition of processed 21
High-fast dyes 43
Horizontal attenuated total reflection FTIR 317
Image analysis 371
Industrial pesticides 303
Infrared spectroscopy of in-process hides 315
JAQUESS, DR. PERCY - Biography 362
Kawabata KES evaluation system 371
Keys to workplace improvement 351
Kobayashi 351
LANG, STUART - Biography 362
Lastometer measurement 307
Lastometer sampling mode to improve accuracy 311
Leather
acoustic-emission testing of 9
combination tanned 5
Environmental-chamber testing 247
fatliquoring of 96, 141
fracture energy of 136
fracture structure by scanning electron microscopy 17
from emu skin 368ff
military 245
mold resistance 255
nondestructive test for predicting tensile strength 8
performance 84
processing with power ultrasound 146
properties of, produced from gamma radiated hides 265
properties of, tanned with recovered chromium 280

retanning chrome leather with vegetable tannins, procedures for 79ff
semi-chrome 5
shrinkage temperature of mimosa-alum tanned 6
slit tear-resistance after soil burial ....248 - 253, 254
soil burial testing 247
staking of 141
structure of 15, 101
tear strength, effect of sampling angle, strain rate, and moisture content 139
tearing behavior of chrome tanned 129
tensile strength 8, 100,129, 265, 374
tongue-tear test 132
upholstery 100
vegetable tanned 1
Liquid enzymes 355
LIU, DR. CHENG-KUNG - Biography 158
LOXSTON, JON - Biography 104
Macerating agents 119
Management practices 351
MANICH, DR. ALBERT M. - Biography 158
MARSAL, DR. AUGUSTI - Biography 158
MASON, DR. TIMOTHY J. - Biography 159
MCCLINTICK, MICHAEL D. - Biography 158
Mechanical properties 8, 100, 129, 373
Melting of collagen 64
MERCK, KARIN - Biography 199
Metal-complex dyes 45
Microbiocides 303
Microbiocides, regulatory issues 306
Microencapsulation with gelatin recovered from tannery waste 185
MIGUEL, NAIM - Biography 362
Mimosa retanned 147
Mimosa tanning 1, 82
Mimosa/aldehyde leather 5
Mimosa-alum leather 5

Minimization of tannery waste 115
MISHRA, C. S. - Biography 326
Molecular weight distribution of gelatin recovered from chrome shavings 174, 187, 195
MUKHOPADHYAY, SUBRA KUMAR - Biography 362
NEGULESCU, DR. IOAN - Biography 384
Neutralization 96
Nondestructive test for predicting tensile strength 8
Non-metal complex dyes 45
Paranitrophenol 245
Performance leathers 84
Performance of dyes 347
Peroxychromates 115
Perspiration fastness of dyes 50
Phytoplankton organisms in tannery waste 343
Pickled bovine hides, structure of 315
Pickling 226
Pollution load from tanning 345
Powder versus liquid dyes 347
Power ultrasound, influence on dyeing 146
Protease 357
Protease activity 51
Protein
engineering 358
microstructural information 316
stability, model for 359
products isolated from chrome shavings, effect of surfactant on process 190
Proteolytic activity of drum liquor during bating 51
PUCKETT, DR. WALLACE E. - Biography 326
Purification of collagen 20
Quebracho tanning 2, 82
Raw bovine hides, structure of 315
Re-engineering of tanning 213
Retanning 96, 147, 227
Retanning chrome leather with vegetable tannins 79

Scanning electron microscopy
characterization of bovine skin 380
characterization of emu skin 369
characterization of hair root 381
characterization of the epidermis 380
corium layer structure by 131
fractured leather 17
grain layer structure by 131
leather structure by 101, 102
Semi-chrome leather 5
Sheepskin chrome shavings 268
SHELLY, DR. DENNIS C. - Biography 326
Shrinkage temperature of mimosa-alum tanned leather 6
Shrinkage temperature of sheepskins 279
Split tear resistance 100
Stabilized enzymes 355
Staking 141
STILLWELL, TIMOTHY D. - Biography 33
Structure of leather 15, 101
Structure-property relationships for leather dyes 43
SUMMERS, DR. TERESA A. - Biography 384
TANCOUS, JEAN J. - Biography 33
Tannery waste
biological parameters 338
BOD and COD 339
chromium content 341
chromium recovered from 274
composition of 340
dechroming of 115, 171, 182, 190
dissolved oxygen in 339
ecotoxicity of 337
environmental impact 337
extraction of 118
isolation of gelatin by perchromate treatment of 115

maceration of 117
microencapsulation with gelatin recovered from 182
minimization of 116
physico-chemical parameters 338
phytoplankton organisms in 343
pollution load 345
properties of gelatins isolated from 115, 125, 174, 187, 195, 275
protein products isolated from chromium-containing 171
sheepskin chrome shavings from 268
surfactant effect on process for isolating gelatin from 190
total dissolved solids 340
treatment of 89
wastewater, composition 339
wastewater, life in 342
zooplankton organisms in 344

Tanning

automation 210
cathecol 81
chestnut 2
chrome versus vegetable 80
chromium 59
combination 5, 79
drum process 3
ecological 210
mimosa 82
mimosa/aldehyde 5
mimosa-alum 5
pit process 3
process re-engineering 213
pyrogallols 81
quebracho 2, 82
semi-chrome 79
structural changes during 315
vegetable 1, 79

Tear strength, correlation with fracture energy 141
Tear strength, effect of sampling angle, strain rate, and moisture content 139
Tensile strength 15, 100, 129, 374
Tensile strength as a function of strain rate and sampling angle 14
Tensile strength, effect of sampling angle, strain rate, and moisture content 140
Textile properties of emu skin 368
Thermal behavior of collagen 64
Thermal gravimetric analysis of modified collagen 93
Thermostable liquid enzymes 355
Tongue tear 132
Total quality management 351
Toxicology testing for antimicrobial compounds 304
Ultrasonic dying 146
Ultrasound effect on dye offer 149
Upholstery leather 100
UV spectrum of collagen 60
Vegetable tanning 1
Viscoelastic properties of emu leather 374
Viscometric assay of collagenase activity 322
Viscometric assay of protease activity 51
VON HOVEN, TERRI M. - Biography 384
WAGNER, DR. MATTHIAS - Biography 384
Wash-fastness of dyes 50
Waste minimization 115
Wet-blue quality 100
Wet-end processes 96
Workplace improvement 351
XIE, DR. JIAN-PING - Biography 158
Zooplankton organisms in tannery waste 344
